Nifty 50's

The Nifty 50's outing was a great outing. It was well put together in terms of relating to the 50's. We camped in Wisconsin and went roller skating in Minnesota. It was really fun to play long games of cards during our free time. It was also fun to see the new scouts work together and have a good time. I liked how they learned to saw and use knives and axes. I had a good time watching the new guys.

-Jacob Y.
